

Eva Jablonka, Ph.D.

Professorin der Evolutionsbiologie

Tel Aviv University

ARBEITSVORHABEN

Evolutionäre Bedeutung des sozialen Lernens

KOLLOQUIUM, 17.03.1998

The Inheritance of Acquired Characters: Impossible or Inevitable?

PUBLIKATIONEN AUS DER FELLOWBIBLIOTHEK

Jablonka, Eva (Cambridge,2020)

Inheritance systems and the extended evolutionary synthesis

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1764134737>

Cambridge elements

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1764134737>

Jablonka, Eva (Cambridge, Mass. [u.a.],2005)

Evolution in four dimensions : genetic, epigenetic, behavioral, and symbolic variation in the history of life

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=392894742>

Life and mind : philosophical issues in biology and psychology

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=392894742>

Jablonka, Eva (Cambridge, UK,2000)

Animal traditions : behavioural inheritance in evolution

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=318108232>

Jablonka, Eva (1999)

The inheritance of acquired characters : impossible or inevitable?

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=670690554>

Jablonka, Eva (Oxford,1998)

Genic neo-Darwinism - is it the whole story?

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1687332975>

Jablonka, Eva (Oxford,1998)

Epigenetic inheritance in evolution

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1687323305>

Jablonka, Eva (1998)

The role of DNA methylation in invertebrates : developmental regulation or genome defense?

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1665343931>

Jablonka, Eva (Amsterdam [u.a.],1998)

'Lamarckian' mechanisms in darwinian evolution

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1043292632>

Jablonka, Eva (1996)

The evolution of language in light of the evolution of literacy

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=720332338>

Jablonka, Eva (Oxford [u.a.],1995)

Epigenetic inheritance and evolution : the Lamarckian dimension

<https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=278430376>
