Robert Hall Haynes, Ph.D.

Professor of Biology

York University, Toronto

Geboren 1931 in London, Ontario, Kanada; verstorben 1998 in Toronto, Ontario, Kanada.

ARBEITSVORHABEN

KOLLOQUIUM, 06.03.1989

DNA Repair: A Clinical History of a Scientific Discovery

PUBLIKATIONEN AUS DER FELLOWBIBLIOTHEK

Haynes, Robert Hall (Plainview, NY,1993)

My road to repair in yeast : the importance of being ignorant

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1006240616

Haynes, Robert Hall (1990)

Evolutionary significance of genetic stability and change

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1006240209

Haynes, Robert Hall (1989)

Genetics and the unity of biology

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1816299898

Haynes, Robert Hall (New York, NY,1989)

Mutagenesis and mathematics : the allure of numbers

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1687224803

Haynes, Robert Hall (Kingston,1987)

Origin and Evolution of the Universe : evidence for Design?

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=1621056953

Haynes, Robert Hall (Toronto,1976)

Man and the biological revolution

https://kxp.k10plus.de/DB=9.663/PPNSET?PPN=227802152

Man and the biological revolution
